Baptist Class Meets In Dobbins Home

The TEL class of the First Baptist Church met Wednesday with Mrs. Mamie Dobbins for a regular business and social hour. The meeting was open by Mrs. I. N. West, who read a prayer in form of poetry.

Mrs. Howell used the word "Life" in the devotional, bringing out something on each letter in the word.

After the business was complete a social hour was held. Each lady brought a covered dish with Mrs. Dobbins serving coffee and tea.

The thirteen present were dismissed by Mrs. Will Baggerly who led the prayer.

Cost Share Program Is Important Tool To Soil Conservation

One of the major tools used by soil conservation district cooperators in getting a complete conservation job completed on their land is the cost share program financed by the Federal Government and administered by the local A. C. P. county committees and known as Agriculture Conservation Program. Milam County has selected nine different practices to offer cost share assistance on this year.

District supervisors heartily endorse all of the practices selected and feel that all are important in helping to get the complete conservation job done. Out of the nine practices selected, four are agricultural practices that are similar to the grass seeding and cover crop programs we have had in past years. The other five practices are the regular permanent practices such as stock ponds, diversion ter-

aces, farm waterways, terraces and cross fencing.

Since all of the above practices were set up to do a specific conservation job and some are set up differently than in past years, this district news column will carry a series of articles designed to cover each practice in detail.

No Injuries In Ramper - Tepera Collision

There were no injuries reported in the automobile accident at the intersection of Houston and First Street Friday. The Ford pickup driven by Edgar Ramper was hit by the Ford passenger car driven by Ben Tepera, Jr. as Ramper was crossing the intersection.

The investigating officer, J. M. Terry, stated that damage to both vehicles was comparatively light.

Herman Yezak Appointed To Five Committees

Representative Herman Yezak of Bremond, who represents District 56, Milam and Robertson Counties in the Texas House of Representatives took the oath of office for another term at noon on January 11, when the Texas Legislature convened in Austin.

Secretary of State C. E. Fulgham administered the oath of office to the 148 members present at the opening of the session and he presided at the appointment of temporary officers and the election of the Speaker of the House.

Speaker of the House, Jim Lindsey, named Representative Yezak to five important standing committees for the 54th Legislature. Yezak

was appointed chairman of the Aeronautics Committee and a member on Agriculture, Highways and Roads, Military and Veterans Affairs, and Privileges, Suffrage and Elections Committee. All of these committees are composed of twenty-one members and are considered very important.

Since the Highways and Roads Committee considers all legislation pertaining to roads, membership on the committee is in great demand and is actively sought by legislators.

DOES YOUR HOME HAVE WARM FLOORS?

COMFORT DEMANDS IT. Your body should be evenly warmed from head to toe. Children should be able to play on the floor without added danger of catching colds. Drafts should never form!

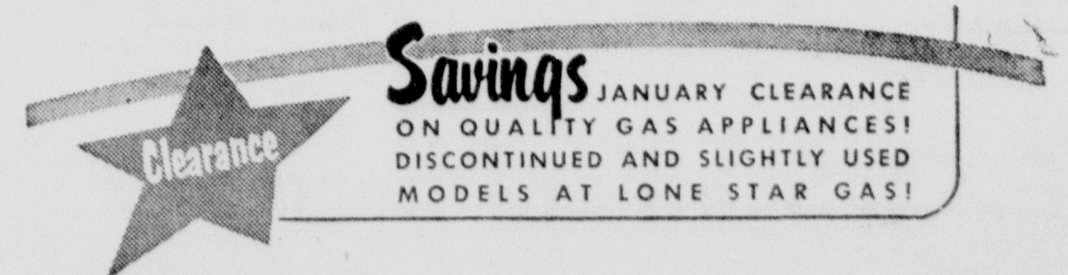

Ever visit in a "toe-tucker's" home? These people can't enjoy true comfort heating. Cold floors keep their feet chilly. (Chances are, their cat sleeps up on the sofa.)

Automatic flue-vented perimeter gas heating systems actually put heat in the floors... maintain only a slight difference in room air temperature from floor to ceiling! You enjoy an environment comparable to a balmy, 72-degree summer morning!

IS YOUR HEATING SYSTEM FLUE-VENTED?

Flue-venting is standard with modern heating systems. Air from the combustion chamber is carried through a vent to out-of-doors. Indoor air stays fresh, more healthful, more pleasant. Window sweating is reduced. Be sure your system is flue-vented.

Soil Conservation District News

Supervisors: Edwin Fischer, A. W. Butts, Paul C. Graves, Clarence L. Stock and Hal Hartwick.

One of the vegetative practices that the A. C. P. Committeemen are offering cost share assistance on and one that can be used to a good advantage in completing conservation plans is the one listed as A-2 and described as "the Initial Establishment of a permanent vegetative cover for soil protection, or as a needed land use adjustment."

The main intent of this practice is to help the farmer establish permanent cover on that land that never should have been plowed and should not be cropped and tilled. District cooperators who have soil surveys on their land will recognize this as their Class V, VI and VII land.

This practice is similar to one in the 1954 program in that cost share assistance is offered on seed bed preparation cost of seeds and application of fertilizer, except that the fertilizer requirements are not as rigid as last year.

Even though this was a new practice starting in 1954, it was used to some extent and even in the dry year good stands of grass were obtained. Some examples of the application of this practice may be seen on farms owned by Feaster Scarborough, Dusek Bros., Clyde Hensley, E. E. Williams, Eugene Tomek, Clem Tomek, Lawrence McClarren and others throughout the county.

It is important to keep in mind that the key to success in seeding grasses is proper seed bed preparation and seeding and the time to start on this practice is now.

You can make application for cost share assistance at your A. C. P. office and technical assistance is available from your county agent or Soil Conservation Service.

Mr. and Mrs. Earl N. Tate and son Larry, of Victory, visited his parents Mr. and Mrs. H. N. Tate in Cameron and her father Joe Petty in Sharp over the week-end.

Janis Simecek Collects \$135.48 For Polio Drive

Janis Simecek, the little eight year old daughter of Mr. and Mrs. Alfred Simecek, was the toast of the cattlemen at the Cameron Livestock Auction Thursday, when she made her bid for the current March of Dimes campaign.

Janis was afflicted with polio when she was two years old and she with the aid of the polio Foundation have been waging a constant war against the crippling after-effects ever since.

She is now in the third grade and with the aid of her back and leg braces is an active little girl happy with life and with no trace of bitterness crippling her social life.

Her main desire this year was to help the March of Dimes so that it could help others suffering with polio.

Janis was introduced at the Auction by H. H. Pruett, chairman of the county campaign, and with her little pail and several helping stations, she collected \$135.48 for the March of Dimes.

Janis and Mr. Pruett stated they wished to extend their thanks to everyone for their generous co-operation at the Auction drive.

Farmers Show Interest In New Social Security Law

Many farmers in the Central Texas area have begun to show a keen interest in the new social security law as it will affect them in 1955 and later, according to James B. Marley, District Manager of the Austin office of the Social Security Administration.

In visits to every town in the Austin service area, representa-

tives of the district office are having numerous questions and inquiries from self-employed farm operators about what they need to do now and later, and what it will mean to them and to their families in the way of future retirement or survivor monthly benefit checks.

In general, self-employed farm, ranch and cotton gin operators, who earn as much as \$400 net profit in 1955 and in 1956 will become fully insured in April 1956. Those then 65 years of age or older or survivors of those who die in-

sured after that date will be due monthly checks subject to the retirement or earnings test contained in the 1954 Amendments.

Farm employees who are paid as much as \$100 by one employer in 1955 or any later calendar year will also begin to earn social security rights. The test of being insured depends on what is called "quarters of coverage". A farm employee gets one such quarter of coverage for each \$100 in taxable wages, up to four in each year. The self-employed person receives his farm quarters of coverage for each year that he reports as much as \$400 in net profit. No one is insured until he has at least 6 quarters of coverage, and the requirement rises through the future years to a maximum need for 40 such credits.

To help local area farm families learn full details about how the 1954 Amendments to the Social Security Act affect them, this paper is carrying the coupon below for their convenience. Completing and mailing the coupon to the address shown will bring you the free booklet "Facts for Farm Families". Harry Moody Hurt In Automobile Accident Thursday

Harry Moody of Ft. Hood received some serious head injuries when his car turned over early Thursday morning about five miles north of Cameron on Highway 190. Highway Patrolman Otis Hilderbrand reported.

Moody was taken to the hospital for treatment, with the seriousness of his injuries or the cause of the accident not yet confirmed since he has been unable to talk to the patrolmen yet.

Hilderbrand, the investigating officer, stated that the car swerved to the side of the road and turned over several times.

\$10,000 In Prizes For Improvements To Farm Buildings

Texas farmers and lumber dealers joined this week in a nationwide contest which offers \$10,000

Designed to encourage farmers to make their operation easier and more profitable, the 1955 Farm Building Improvement Contest offers two grand prizes of \$1,500 each and also two prizes each of \$750, \$500 and \$250. There are 40 \$100 prizes.

Local lumber dealers are cooperating with the sponsors of the contest, the National Lumber Manufacturers Association and Better Farming magazine, in advising farmers on their building projects.

Eligible to compete are such projects as a new farm building, the remodeling of an old one, an addition to a building or the construction of such things as pens, chutes, feeders and other specially-designed devices.

Improvements could be, for instance, easier to build, ore more efficient, or more original in planning, or best adapted to the use of new and improved farm practices.

Any project begun after January 1, 1955, and completed before November 1, 1955, is eligible for a prize. The official entry blank can be secured by writing to Better Farming magazine. Entry blanks are free; there is no charge or fee of any kind to enter the contest.

Texas Power and Light Nominated For Coffin Award

Texas Power & Light Company is one of the electric utility companies that has been nominated for the 1954 Charles A. Coffin Award of the Edison Electric Institute, it was announced today by Henry M. Siebman, district manager for the company. The award is made annually to the electric light and power company in the United States for most distinguished contribution to the convenience of the public and benefit of the industry. Announcement of the winning company will be made in June.

Nomination of Texas Power & Light was made for "extraordinary service rendered through its natural resources research and development program."

Among the developments made by Texas Power & Light, the nomination cited the Company's research program on utilizing native lignite, a result of which was the location of the Aluminum Company of America's plants at Rockdale. Also cited was its research with iron ore deposits in East Texas which brought about the establishment of a pig iron smelter and steel mill at Daingerfield. This latter project, it was pointed out in the letter of nomination, was "established outside of the service area of the Texas Power & Light Company and the company received no direct benefit therefrom."

The nomination also included other features of TP&L's industrial development and its recently initial

ed research work in the production and marketing of East Texas fruits and vegetables and the pioneering of infrared brooder installations for commercial poultry production in Texas.

The previous year's award was won by the American Gas & Electric Company which operates in Virginia, West Virginia and Ohio.

The award consists of a Gold Medal to the company and \$1,000 for the employees' benefit fund.

Texas Alcoa Employees Paid Off In Apples

Employees at Aluminum Company of America's Rockdale Works were paid off in bright, red apples this week.

The story began a year ago when a proclamation arrived from employees at Alcoa's Wenatchee, Washington Works bragging that "We know ourselves to be workers of a standard superior to those born on the dusty Texas plains..."

They further had the effrontery to bet one Washington apple for each employee against one standard Texas steer that by the end of 1954 their safety record would be better than that of the Rockdale employees.

It wasn't. And this week more than a thousand Washington Delicious apples were delivered personally to Rockdale employees by a representative of the Washington State Apple Commission.

Only a fraction of a point separated the final safety scores to help prove that employees at both plants were safety-conscious on their jobs. Rockdale Works Manager J. D. Harper points out that Rockdale employees worked more than two million manhours last year with only eleven lost-time accidents. "This contest made us all realize that safety is everybody's business, and I'm sure we'll come up with an even better record next year," Harper said.

Alcoa Scholarship Committee Meet

Members of the Alcoa Foundation Scholarship Sponsoring Committee and Selection Board met this week in Rockdale to discuss recommendations and changes to be made in the award program for 1955.

The scholarship established last year by the Alcoa Foundation will be granted to a son or daughter of Alcoa employees and is one of 40 awarded at 29 Alcoa Works locations and offices. The winner may use the \$2,000 cash award at any accredited college or university.

The scholarship advisory group recommended that application forms next year be made available

Milam Contributed Only 39c Per Capita In March Of Dimes Last Year

Hinton H. Pruett, chairman of the March of Dimes in Milam County, announced today that the Business and Professional Women, as a unit, presented the March with \$40 this week, which they reported to be the proceeds from their Bake Sale held in downtown Cameron Saturday.

Some of Milam County's stastics in the past March of Dimes campaigns were pointed out by Mr. Pruett. Last year, in the two marches, the regular and the emergency march, a total of 39 cents per capita (per person) in Milam county was donated. He said that it is hoped that the contributions will be considerably larger this year.

There were 88 counties in Texas, Pruett stated, that gave more per capita than Milam. The county having the most contributions per capita was Jeff Davis, which gave \$2.54 per person and the worst was Zapata with eight cents per capita.

both to students at their respective schools and to parents at the plant. They also advised that the program be explained in lower grades in order that students might better prepare themselves to compete for the award.

J. D. Harper, Rockdale Works Manager, pointed out at the meeting that students who are assisted through this program in obtaining a college education are finally chosen by a Selection Board. The Board appointed this year is composed entirely of men from the field of education and include H. H. Pruett, Milam County Superintendent of Schools; W. T. Hanes, Cameron; W. C. Grissom, Rockdale; Ray Dorsett, Thorndale; T. H. Johnson, Taylor; and A. P. Kleinschmidt, Lexington.

Mr. Pruett urged that all eligible students submit applications immediately so that the Board might review the candidates' credentials.

All qualified students will then be given an aptitude test by the College Entrance Examination Board in Austin. The results of the test, which are known only to the Selection Board, are considered along with such factors as scholastic achievement and promise, financial need, and such personal qualifications as character and leadership ability.

Responsible for administration of the scholarship program is a committee composed of George Bredt, Rockdale; John M. Griffith, Taylor; C. A. Wuensche, Thorndale; Rev. John C. Solomon, Cameron; and J. D. Harper of Rockdale.

Father Of Francis Cox Succumbs

Lewis F. Cox, 73, father of Francis Cox of Cameron, died Monday at 12:10 p. m. in an Austin hospital after an extended illness. He was a longtime resident of Belton and Bell county, having moved to that section while still a small child.

He was a barber by trade and for many years conducted bands in that area.

He is survived by six sons and one daughter, Halley and Tommy Cox of Belton, Lewis A. Cox, Santa Paula, Calif., Earl Cox of Houston, Francis Cox of Cameron, Houghton Cox of Austin and Martha Cox of Belton; a sister, Mrs. Hettie Spencer of Paris; a half brother Robert H. Cox of Waco;

seven grandchildren and three great-grandchildren. Graveside services were held Tuesday afternoon at 3:30 at the North Belton cemetery, conducted by Rev. Clarence Doss, pastor of the First Christian church. Pallbearers were Jay Kelly, Ray Savage, P. P. Wilhite, Q. A. Ellis, Fred Lewis and Henry K. Porter. Heartfield Funeral home was in charge.

Mrs. J. Young Former Milam Resident Dies

Mrs. Josephine Young, 92, died in Dallas at 1:30 a. m. Monday, January 24. She was resident of Milam County until 29 years ago when she moved to Dallas to make her home with her daughter, Mrs.

S. N. Drury.

She was born in the Jones Prairie Community where she lived the majority of her life. She was preceded in death by her husband, W. J. Young, in 1925.

Survivors are her son R. D. Young of Dallas; four daughters, Mrs. D. H. Thrasher of Chilton, and Mrs. Nancy Smith, Mrs. S. N. Drury and Mrs. Roxie Fullbright, all of Dallas; 29 grandchildren and 28 great-grandchildren.

Funeral services were scheduled for Tuesday, January 25, at 2 p. m. in the First Methodist Church in Calvert.

Interment was in the String Prairie Cemetery with Greens Funeral Home of Cameron officiating.

Final Rites Held For Tindall Infant

Graveside rites were conducted Thursday, Jan. 13 in Babyland of Sunset Memorial Park, San Antonio, for Mary Elizabeth Tindall infant daughter of Mr. and Mrs. H. Darrell Tindall, 306 Circle St., San Antonio.

Other survivors include a brother, Heber Darrell, Jr. and her grandparents, Mr. and Mrs. H. C. Tindall of Cameron and Mr. and Mrs. W. K. Taylor of Belton.

Interment was under the direction of Roy Akers Funeral directors.

HEALTH UNIT — for the purpose of training Mrs. Marie Jackson, the County School Nurse in the use of the audiometer vision testing of preschool children three to six years of age. School superintendents and PTA officers will be contacted regarding this in the very near future.

Regular routine inspections of food and other establishments have been made during the month of December. Nearly all food establishments were inspected prior to the Christmas holidays.

Considerable rodent control work was done by the Sanitarian during the month.

Very little work was done in the schools because of the programs and busy days in the schools prior to the holidays. This program will be resumed after the first of the year.

Foodhandlers' schools have been scheduled for Cameron and Rockdale in January and February, 1955.

All nuisance complaints coming

to the office have been promptly investigated and corrections were obtained in a majority of cases.

The Sanitarian did considerable work in the supervision of installation and treatment of private water supplies.

Visitors for the month:

Fred Miller, V. D. Investigator, State Health Department, Austin; Miss Fern Van Zandt, Audiometer Consultant, School Health Services, State Health Department, Austin.

Mrs. Emily W. Boyd, Field Consultant, Texas Tuberculosis Association, Austin, Texas.

Submitted by John B. Bryson, M. D., M. P. H., Director of the Milam County Health Unit.

Approximately one out of every 157 men, women, and children in this country served as a volunteer with the American Red Cross during 1953-54, contributing a total of 19,000,000 man-hours to helping others.

A. T. Epperson Funeral Held January 23

Funeral services for A. T. (Ted) Epperson, 55, a former resident of Cameron who died at 10 p. m. Friday in Palacios following a heart attack, were held at 1 p. m. Sunday, Jan. 23 at the chapel of Green funeral home in Cameron. Dr. M. Magers, pastor of First Methodist Church, Cameron, officiated. He was assisted by Rev. John Solomon, pastor of First Presbyterian Church. Burial was made in Oak Hill Cemetery.

Mr. Epperson was born in Washington county and was the son of the late Dr. and Mrs. A. S. Epperson who were residents here for a number of years. He was reared in Cameron and both he and his wife are graduates of the local high school. He and his family moved to Houston 15 years ago where they were living at the time of his death.

Mr. Epperson was a veteran of World I and II. At the time of his death he was president of Standard Refrigeration & Air Conditioning Co., charter member and past president and secretary at the time of his death of the Refrigeration Service Engineers Society. He was also a member of the Bayshore Boat Club and Methodist church.

Surviving him are his widow of Houston, one son, Albert S. Epperson of Houston; four brothers, Arthur Roy Epperson of Austin, L. J. Epperson of Midland; R. Stewart Epperson of Lovington, N. M. and Bentley Epperson of Ft. Arthur.

Also surviving are two grandsons. Pallbearers were G. H. Christman, W. A. Oliver, F. N. Highams, Ralph Feeacy, T. L. Burroughs, J. D. McBride, K. E. Keith, William L. Knowles.

The average person forms an opinion by adding to a small measure of information a dash of imagination and a large quantity of prejudice, shaking well with emotion.

VOEBOYS—

Morris Duncum then concluded the talks with a resume of the court-houses erected in Milam, four of them have been built, all in Cameron.

Lee Marek, president, officiated during the short business session.
